

Opioid Care Coordination after Opioid Misuse

A coordinated response for individuals who have experienced opioid misuse or a non-fatal overdose.

Opioid Care Coordination connects those that are seeking resources to help and assists in mapping a clear pathway to recovery.

Anyone who believes someone is struggling with opioid misuse, may refer to the Opioid Care Coordination program. The Opioid Care Coordinator will:

1. Assist individuals with connection to initial assessments for treatment, treatment options, counseling and social supports.
2. Provide supportive phone calls.
3. Assist individuals with barriers to wellness; i.e. housing, transportation, employment.
4. Assess individuals for mental health and risk factors for self-harm or suicide.

To make a referral to the Opioid Care Coordination program visit www.helplinecenter.org/occ, call the Opioid Resource Hotline at **1-800-920-4343** or email ops@helplinecenter.org.
